

Questioning: what happens in a text.

					
Ask questions before, during and after reading. Questions to: - bring in loose ideas - relate ideas - extend ideas	I need help to ask questions about a text.	I can ask a relevant question about a text if I am prompted or directed.	I can ask relevant questions about a text but I am not always sure if they are the "best" questions to ask.	I can ask relevant questions about a text and explain why they are relevant questions.	and I can seek feedback on how I can improve the effectiveness of the questions I ask before, during and after reading a text.
What this looks like					
Student example.					
Effective Strategies <i>[insert strategies suggested by students and teachers]</i>				"because"	'Overall I think ... because ... because ...'

Questions to bring in ideas	Questions to link ideas	Questions to extend ideas
Define -what is it? Describe - what is it like?	Sequence – <i>what happens first?</i> Classify – <i>how is this similar? What goes with this?</i> Compare and contrast – <i>how is this similar and or different?</i> Explain causes – <i>why?</i> Explain effects – <i>what was the consequence?</i> Analyse – <i>What are the parts and how do they work together?</i>	Evaluate – <i>Which is best? To what extent does?</i> Predict – <i>what is going to happen next?</i> Generalise – <i>overall what is it all about?</i> Create – <i>what is a new way of looking at this/ different perspective?</i>
