# Year 7 Create the ending to a story [using Kahootz software]

*__What am I doing? Is it going well? What should I do next?__* *Read through the criteria below and highlight important words or details that will help you with your Kahootz animation. What would you like to achieve?*

| | Prestructural | Unistructural | Multistructural | Relational | Extended Abstract |
|---|---|---|---|---|---|
| *Ideas* | I need help to develop a central idea/theme for my story animation | I have an idea for my story animation. | I have a central idea/theme for my story animation **and I have several ideas to develop this.** | I have a central idea/theme for my story animation, several ideas to develop this **and I can explain how these ideas will develop the central idea** | I have a central idea/theme for my story animation, several ideas to develop this and I can explain how these ideas will develop the central idea. **I have created key events, characters and settings in my story to develop a logical story with a clear central idea/theme.** |
| *World/s and Objects* | I need help to use world/s and objects in my story | I use simple world/s or objects in my story | I use simple world/s **AND** objects in my story.<br><br>I use scenes and resize objects to add interest. | I **animate** a variety of world/s and objects **and can explain why this develops my central idea.**<br><br>I use animation and key points that play automatically to make my story interesting to watch | I animate variety of worlds and objects, can explain why **and evaluate how effective this has been in developing my central idea.**<br><br>My story 'shows' the reader what is happening, rather than just 'telling' them. |
| *Structure* | I need help to organise my ideas into a sequence.<br><br><br>I need help to use structures/effects to make my story interesting to view. | I have started to organise my story ideas, but my sequencing needs more work.<br><br><br>I use one structure/effect to make my story interesting to view | My story ideas are ordered into a beginning, middle and end.<br><br><br>I use several structure/effect to make my story interesting to view | My story ideas are ordered and linked and I can explain how these links make my story animation flow in a logical way.<br><br>I use a variety of structures/effects to make my story animation interesting to view.  I can explain why I have chosen them. | My story ideas are ordered are linked and I can explain how these links make my story animation flow in a logical way.  My sequence of ideas is balanced and well-paced.<br><br>I use a variety of structures/effects to make my story animation interesting to view.  I can explain why I have chosen them and evaluate the impact they give to my story animation. |
| *Accuracy* | I need help to proofread the elements in my storyboard | My storyboard has a number of errors | My storyboard has some errors to correct. | My storyboard is mostly accurate but I can identify a few errors and explain why they need to be corrected. | My storyboard is accurate. I have corrected all the errors so that it is easy to view. |
